What is Basic Food?

Basic Food, also known as the Supplemental Nutrition Assistance Program or SNAP, helps people buy groceries.

Eligible households receive an electronic benefits (EBT) card with monthly benefits to buy food at participating grocery stores.

Did you know? You can use Basic Food EBT benefits at farmers markets. You can also use them to buy food producing plants or seeds.

Can Basic Food help me with training or finding a job?

- Yes! If you get Basic Food, you can volunteer for the Basic Food Employment & Training (BFET) Program.
- BFET provides job search, job search training, educational services, skills training, and other employment opportunities to people who receive Basic Food.

Many organizations may provide help with transportation, childcare or other resources that can help you work toward your career goals. Services are provided through community based organizations and cover a wide variety of job sectors and career fields.

For more information on BFET services, go online to:

www.dshs.wa.gov/BFET
